A letter to the WCSD community

Recently, school board members spent two days inspecting the district's fifteen schools to confirm their state of readiness for this year's returning students.

We were more than satisfied with what I would describe as an expression of pride in one's work. The principals of our schools and the individual custodial staffs have performed an exemplary job over the summer; in some cases where capital improvement was being performed at the same time. This speaks to the leadership of Interim Superintendent Carrion and Mr. Ron Broas, Director of Facilities and Operations.

I believe that we have given our dedicated teaching staff an appropriate environment in which to impart their knowledge. My best to everyone for a successful year.

Sincerely,
Douglass A. Bitteker
